

THANK YOU

SeaCare Health Services would like to thank the following physicians, physician assistants, nurse practitioners, mental health therapists, chiropractors, holistic health practitioners and the staff of Lab Corp. Last year they donated more than **\$1,140,000** in services to over **1,700** uninsured individuals in your community. Their continued support of SeaCare through time and resources has increased access to health care for individuals and families in need. We **applaud** their efforts and **acknowledge** their generosity.

A Community Health Care Network

As a result of this partnership with over 400 volunteer health professionals and their staff, SeaCare Health Services has developed a community health care network, which has served thousands of uninsured and underinsured individuals in 21 towns in Rockingham County. Through the support of our wonderful volunteers, Exeter Health Resources and other generous donors, the total amount of donated health care services and products has exceeded \$15,000,000. And that translates into healthier communities.

If you are a health care provider interested in joining our volunteer network, please call 603-772-8119 or visit our website at www.SeaCareHealthServices.org.
